I agree. Thanks for your quick feedback. Do you want to see the new version of the approval letter that incorporates your comments or are you ok with me making the edits as is?

Attached are the draft Decision Document, the letter from Ford requesting approval for new scheduled maintenance, and a draft approval letter for the new scheduled maintenance request for the Ford chassis certified 6.4L complete heavy-duty diesel test group that uses SCR.

Michael has already reviewed the Ford letter, so I would ask him to focus on the Decision Document and the approval letter.

Please let me know if you have any comments.

Thanks,
Linc
